Better Driving and Cheaper Car Insurance Plus...

Pass Plus – can you afford not to?

www.passplus.org.uk

Getting Pass Plus under your belt means you could get discounts on your car insurance - simply by doing a few extra driving lessons focusing more on:

- ✓ **Motorway driving**
- ✓ **Dual Carriageways**
- ✓ **Country road driving**
- ✓ **All weather driving**
- ✓ **Night time driving**
- ✓ **Town driving**

By completing the Pass Plus lessons and free evening workshop, you'll see real long term benefits. You will become a safer, more confident driver which will reduce the chances of you being the one person in five that has a collision in their first year of driving.

If keeping your car and body in one piece isn't enough, then you'll see many insurance companies offering you lower premiums as well – helping you to cut the costs of your first year on the road.

Plus you'll receive £60 cash back in your pocket once you've completed both the lessons and the workshop.

With all of this in mind – can you afford not to take Pass Plus?

The Free Workshop

Attitude and behaviour are some of the most important elements affecting drivers on the road, and the free evening workshop will look at how you see the road environment and your place within it.

Many incidents are caused by avoidable errors and this workshop will give you the awareness you need to stay safe as you build up your experience behind the wheel.

The course covers:

- **Why people speed**
- **Drinking and driving**
- **Causes of collisions**
- **Defensive driving**

The best bit is that there are no tests or exams – just a free workshop lasting around two hours. Once you've completed both this workshop and your Pass Plus training with your driving instructor, you can claim your £60 cash back!

Where next?

You can book Pass Plus lessons through a Pass Plus instructor. Please note: the course cost can vary between instructors.
